University Policy Statement

The University of North Carolina at Charlotte implements standards and procedures to protect non-student minors on campus for programs and activities that are under the control or direction of the University, regardless of location.

What Do I Have to Do?

The Program Organizer should review the Minors on Campus Workbook and pass an annual exam. The Program Organizer must certify that any Authorized Adult interacting with minors as a part of a UNCC activity or program must be trained before working with non-student minors.

Covered Topics

The Policy Training Workbook covers many topics including:

- Who must comply with the University Policy,
- Who is exempted from the University policy,
- Screening process for background checks,
- Warning signs of sexual abuse,
- Identifying both appropriate and inappropriate behaviors and contact, and
- Reporting abuse and neglect.

Training Objectives

After completing this training, you will be prepared to:

- Know requirements regarding appropriate behaviors in order to avoid crimes and allegations of child or sex abuse,
- Protect non-student minors who participate in activities and programs,
- Act as a positive role model and avoid putting yourself in a risky situation,
